Sir:

In an earlier submission, Applicant asserted that the above-identified application was abandoned for failure to provide a declaration. Concurrently with the transmission of that submission, Applicant submitted the declaration that was filed with the Commissioner of Patents as evidenced by the copy of the stamped postcard receipt.

A PCT Legal Examiner responded to Applicant's submission stating that the application was abandoned for failure by Applicant to pay the basic national filing fee as stated in the USPTO's decision mailed on January 22, 2002.

The Examiner is requested to reconsider the decision rendered in the "Communication" as the actual predicate for the abandonment as stated in the "Notification of Abandonment" dated April 4, 2001 was "the Decl is missing." The "Notice of Abandonment," FORM PCT/DO/EO/909 (May 1993) has a specific entry at paragraph 2 which relates to the U.S. Basic National Fee, and the box thereon was not checked. A copy of the Form is included.

Applicant has no record of ever receiving a USPTO decision which allegedly holds that the application is abandoned for failure to pay the national filing fee timely. Further, after the application was initially filed, Applicant never received a notification of the specific amount of the filing fee that was due.

Applicant should have had a communication from the USPTO advising what the filing fees are for the application, and should have been given a reasonable time within which to respond. Rule 16^{bis} provides that the receiving Office shall invite the Applicant to pay to it the amount required to cover the fees one month from the date of publication. As noted above, no such invitation was ever received by Applicant's attorney. It is respectfully requested the that above-identified application be revived and a formal notification of the fees due be presented therein with a one month period within which to respond and pay the proper filing fee.

Respectfully submitted,
